2018 OPEN AIR MEETING (BLOCK PARTY) APPLICATION

EXTRA THINGS TO THINK ABOUT WHEN PLANNING YOUR BLOCK PARTY

General Information

- Look for dates that do not conflict with other community events or holidays.
- There is no limit to the number of block parties held at one time in the City.
- Applications must be submitted a minimum of four (4) weeks before the scheduled event and all information requested on the form must be submitted before review can take place.
- Signatures of adults living on the block are required and permits are not issued for private individual parties.
- Block parties should be located on streets with minimal traffic. Some busy streets cannot be approved.

Food Preparation

- If a vendor is supplying the food, check to make sure they have a license from the City or let them know they will need a license from the City.
- Remember to keep cold food items cold and hot items hot to help keep food safe.
- Trash must be collected and removed from the street during and at the conclusion of the party and should not be put out by the street until the regularly scheduled pick-up day.

Police Department

- The sale of liquor is prohibited unless a permit is issued by the Liquor Commissioner.
- The consumption of liquor by a minor is illegal. Police will respond if complaints are received.
- Alcoholic beverages are not allowed on the public right-of-way.
- The use of illegal fireworks is prohibited.
- The sound volume shall be so controlled that it will not be unreasonably loud, raucous, jarring, disturbing or a nuisance to reasonable persons of normal sensitiveness within the area of audibility. Upon request by a police officer, the sound level may be required to be lowered or shut off.

Fire Department

- Barricades at the end of the street should be easily moved for accessibility in the case of an emergency. The use of parked vehicles to close the street is prohibited.
- An approximate twelve-foot (12') emergency drive aisle the entire length of the street closure shall remain clear at all time.
- Fire hydrants should remain clear, undecorated, unobstructed and unopened.
- The use of fire pits is prohibited on the public right-of-way (streets, parkway, and sidewalk). Approved fire pits which are manufactured with metal legs and a fire screen can be located on private property. However; if complaints of smoke occur, you can be ordered to put them out.

Community and Economic Development Department

- Parkway trees should not be used to help display items (do not puncture the tree) or used as supports (do not tie items to the tree).
- If you are having a larger tent or stage for the event, contact the Inspections Division at 815-724-4070.
