Joliet Gateway Center Train Station Ribbon Cutting & Dedication Ceremony

Ribbon Cutting / Dedication Ceremony for the Joliet Gateway Center Train Station will be held Wednesday, June 6, 2018 at 10:00 a.m. Representatives from the Public Private Partnership who helped make this state of the art facility a reality will speak, followed by a Building Dedication and Ribbon Cutting Ceremony.

The Joliet Gateway Center Train Station is a major regional transit hub. The new 10,000 square-foot, two story train station has Metra and Amtrak ticket offices, indoor waiting areas on both the first and second floor, elevator and stair access to the new Metra Rock Island platform and the new Heritage Corridor platform. Track realignments were included in the scope of work which helped eliminate a freight bottle neck and increased train passenger safety.

Hours of operation for the Joliet Gateway Center Train Station 4:30 a.m. -10:30 p.m. Monday through Friday and 7a.m. -3p.m. Saturday and Sunday.

The Joliet Gateway Center is a key part of the revitalization of downtown Joliet. The new station facilities provide a first class transit amenity for the traveling public. Joliet will also be a stop along the new Chicago to St. Louis high speed rail corridor, which is expected to provide more convenience and additional train service for regional travelers.
