## 2011 Budget

OFFICE OF THE CITY MANAGER  
THOMAS A. THANAS  
CITY MANAGER  
PHONE: 815/724-3720  
FAX: 815/724-3737

150 WEST JEFFERSON STREET  
JOLIET, ILLINOIS 60432-4158

December 1, 2010

**TO:** Mayor and City Council

**FROM:** Thomas A. Thanas, City Manager

**SUBJECT:** An Ordinance Approving the City of Joliet Budget and the Joliet Public Library Budget for the Fiscal Year 2011

**BACKGROUND:**

The Joliet City Council conducted three special meetings to review the Administration's proposal for the 2011 Budget. These meetings were held on November 8<sup>th</sup>, 15<sup>th</sup>, and 29<sup>th</sup>. During the meetings, the Administration presented a comprehensive review of the City's past and future revenues and expenditures and provided supporting data for changes that were being recommended. The presentations allowed for interaction between the City Council, citizens and staff. A fourth Special Budget meeting has been scheduled for December 6<sup>th</sup> immediately following the Pre-Council meeting.

The total amount of the proposed 2011 Budget is \$292,803,145. It has been placed on the agenda of the City Council meeting scheduled for December 7, 2008, at 6:30 p.m. Under Illinois law, the City Council is authorized (but not required by law) to take final action on the proposed Budget at the December 7<sup>th</sup> meeting.

The proposed 2011 Budget has been made available to the public on the City's website ([www.cityofjoliet.info](http://www.cityofjoliet.info)) since November 4, 2010. A hard copy of the proposed 2011 Budget has been available for public inspection at the City Clerk's office since November 3, 2010.

Illinois law imposes the obligation on the City of Joliet to review and approve the appropriation and levy of taxes for the Joliet Public Library. The Library's proposed 2011 Budget is being submitted in the amount of \$6,172,752. The proposed 2011 Budget for the Library is being presented as a separate item, but it will be included and bound with the City Budget upon formal approval of the City's 2011 Budget by the City Council.

**RECOMMENDATION:**

Based on the above, the Administration recommends that the Mayor and City Council take the following actions:

1. Adopt the Ordinance Approving the 2011 City of Joliet Budget in the amount of \$292,803,145 and approving the 2011 Joliet Public Library Budget in the amount of \$6,172,752.
2. Authorize the 2011 Budget to be prepared in final form.

Respectfully submitted,

*Thomas A. Thanas*

Thomas A. Thanas  
City Manager

**CONCURRENCES:**

*Kenneth R. Mihelich*

Kenneth R. Mihelich  
Director of Management and Budget

*Rachel L. Mayer*

Rachel L. Mayer  
Finance Director

**ORDINANCE NO. 16746**

**AN ORDINANCE APPROVING THE BUDGET FOR THE  
FISCAL YEAR 2011 FOR THE CITY OF JOLIET AND THE  
JOLIET PUBLIC LIBRARY, WILL AND KENDALL COUNTIES, ILLINOIS**

**WHEREAS**, the Mayor and City Council of the City of Joliet, Illinois, have examined the Budget for the City of Joliet recommended by the City Manager and the Budget for the Joliet Public Library recommended by the Board of Library Commissioners for the fiscal year 2011.

**NOW, THEREFORE, BE IT ORDAINED BY THE MAYOR AND CITY COUNCIL OF THE CITY OF JOLIET, ILLINOIS, AS FOLLOWS:**

**SECTION 1:** The attached Budget for the fiscal year 2011 for the City of Joliet, Will and Kendall Counties, Illinois, in the total amount of Two Hundred Ninety-two Million Eight Hundred Three Thousand One Hundred Forty-Five Dollars (\$292,803,145.00), is hereby adopted and approved.

**SECTION 2:** Consideration of requests for City financial assistance exceeding \$5,000.00 received after the adoption of the Annual Budget shall be deferred until the next annual budget recommendation is submitted, unless the Mayor and City Council determine that the request could not reasonably have been made prior to the adoption of the Annual Budget, the request is for emergency funding and the request cannot reasonably be deferred to the next Annual Budget review.

**SECTION 3:** The attached Budget for the fiscal year 2011 for the Joliet Public Library, Will County, Illinois, in the total amount of Six Million One Hundred Seventy-two Thousand Seven Hundred Fifty-Two Dollars (\$6,172,752.00), is hereby adopted and approved.

**SECTION 4:** The City Manager is hereby authorized to modify the personnel policies in accordance with this Ordinance.

**SECTION 5:** This Ordinance shall not be construed so as to amend, repeal or affect any ordinance appropriating funds, including but not limited to the 2010 Annual Appropriation Ordinance of the City of Joliet.

**SECTION 6:** This Ordinance is adopted pursuant to the home rule powers of the City of Joliet. Any statute, ordinance or regulation in conflict with this Ordinance is hereby intentionally superseded to the extent of such conflict, including but not limited to, any conflicting provisions of the Illinois Municipal Code (65 ILCS 5/1-1 et seq.), the Board of Fire and Police Commissioner Act, (65 ILCS 5/10-2.1-1 et seq.), Chapter 2, Article IV, Division 2 of the Code of Ordinances (Section 2-271 et seq.) and the Rules and Regulations of the Joliet Fire and Police Board of Commissioners.

**SECTION 7:** This Ordinance shall be in effect upon its passage.

**PASSED** this 7<sup>th</sup> day of December, 2010.

MAYOR

CITY CLERK

**VOTING YES:** MAYOR SCHULTZ and COUNCILWOMAN BARBER, COUNCILMEN BROPHY, DORRIS, GERL, GIARRANTE, SHETINA and TURK.

**VOTING NO:** COUNCILWOMAN QUILLMAN.

**NOT VOTING:** NONE.

## **Explanation of How the Budget is Arranged**

The City of Joliet budget is composed of two sections. First is the narrative section which explains how the budget is arranged, general conditions of the City and discussions of each of the major components of the budget of which there are six: General Taxing Funds, Gaming Fund, Water & Sewer Funds, Parking Meter Fund, Motor Fuel Tax Fund and all Other Funds. The total budgets for each of the six components are listed below:

	<b><u>2010 Budget</u></b>	<b><u>2011 Budget</u></b>	<b><u>Difference</u></b>
General Taxing Funds	183,593,443	185,072,281	1,478,838
Gaming Fund	28,779,529	22,562,903	(6,216,626)
Water & Sewer Funds	50,592,002	74,025,953	23,433,951
Motor Fuel Fund	4,704,712	4,784,265	79,553
Parking Meter Fund	1,813,869	1,518,744	(295,125)
Other Funds	4,568,954	4,838,999	270,045
	<hr/>		
Total All Funds	274,052,509	292,803,145	18,750,636

The second section is a listing of Appendixes at the back of this budget. The appendix includes the entire budget listed in numerical account order.

The Administration believes this document fairly represents the financial operations of the City, is fiscally conservative and is responsive to the economic conditions of our community. This document is based on prioritized recommendations from the Department Heads, as it relates to policies and programs previously established by the Mayor and City Council. The budget was presented to the City Council during the months of November and December 2010 over a series of meetings and approved at the December 7, 2010 Council Meeting. This document is available at the City of Joliet website [www.cityofjoliet.info](http://www.cityofjoliet.info). The 2011 Public Library Budget was approved by their Board on October 21, 2010 in the amount of \$6,172,752.

### **General Taxing Funds**

The 2011 Budget is balanced at \$185 million with a year-end estimated General Reserve of \$5.8 million and overall reserves of nearly \$22 million. The 2011 Budget uses nearly \$15.8 million of cash reserves to balance the budget. The 2011 Budget does not include any significant revenue increases. The 2011 Budget recommended the real estate tax levy remain at the same level as 2010. During 2011, the Administration will continue to evaluate the financial situation of the City and recommend adjustments as necessary.

While cost cutting measures continue to take place, the City still has not balanced current year revenues and expenditures. Over the past three years the City has taken numerous significant steps to reduce operational expenditures including:

- Reducing the workforce by approximately 120 full time and 15 part-time employees. This was done via several approaches which included:
  - Realigning the Police Department after the retirement and departure of 40 sworn positions and 16 civilian employees.
  - Expanding the Motor Maintenance Division from one location to two locations, while reducing overall employees by 4 positions.
  - Eliminating the Human Resources Department as a stand alone department and reassigning its duties to the Department of Management & Budget. Then within Management & Budget, combining separate divisions of Risk Management and Personnel and placing them under the Human Resource Division. The Purchasing Division took over responsibility for the functions of the Copy Center and Business Services (previously referred to as Business License).
  - Eliminating the position of the Public Information Officer and combining the duties of Public Information, Council Liaison, Front Desk and Visitor's Services under the City Manager's office which has been responsible for all communications internally and externally.
  - A hiring freeze to leave open most unfilled positions within the City.
  - A series of retirement incentives which resulted in several dozen employees leaving City employment without their positions being filled.
- Negotiating with each of the City's six bargaining groups to implement health care premiums paid by City employees for the first time. In addition, adjustments for deductibles and other cost-saving measures were implemented with the projected savings being in excess of \$3 million annually.
- Reducing overtime by analyzing the deployment of personnel and utilizing personnel more effectively. A significant savings in overtime expenses came from the termination of the long-time policy of providing free security service to third parties for festivals, parades and community events. This will save approximately \$1.5 million annually in overtime.
- Suspending the City's annual Neighborhood Improvement Program.
- Suspending substantially all vehicle purchases for the period of 2008 – 2011. The 2011 budget continues this practice, but does so at the expense of an older fleet of which some vehicles are in need of replacement.
- Questioning and analyzing small and large expenditures, from office supplies to postage to travel, and reducing all but essential expenditures and limiting expenses to those which provide a positive cost-benefit analysis.
- Tightening collection procedures to ensure all measures are taken to collect on open or previously past due accounts. These measures include collection calls, towing and other legal actions.
- Discontinuing the Senior Citizen Electric Rebate program.
- Discontinuing specialized leaf pick ups in the fall for selected areas of the City

The items listed above have achieved significant savings and without them the City would be in a deficit position without reserves. However, the City staff has also implemented many other changes to help reduce even the smallest of expenditures including:

- Copying most forms, memos and other items on two sides rather than one.
- Using e-mail rather than paper for interoffice memorandums
- Using color copies only for special items
- Developing a system for sharing office supplies between departments via the Copy Center
- Using the internet for Food & Beverage Forms rather than mailers and the associated postage
- Using e-mail and the internet for sending bid and other documents
- Using reusable bags rather than envelopes when delivering Council packets and other information

The City is in the business of customer service. Essential operations include Police, Fire, Public Works and Utilities and the support staff of these functions. Therefore, it's logical the City's most significant expenditure is in the area of personnel. Its components of payroll, insurance and pensions represent over 75% of the City's General Taxing Fund budget. As noted above, over the last three years the City has taken many steps to reduce the size of its workforce and has even required employee contributions towards health care. Future adjustments will still be necessary.

The Four Year Business Projections within this budget point out that there are certainly future challenges with insurance and pensions. Insurance is a challenge of nearly every business and pensions are an issue with nearly every governmental unit, and the City is no different. With each of these expenses rising in the double digits nearly each year, they are putting great amounts of pressure on the City's ability to provide services with current funding levels. During 2011, there must be continued discussions and actions towards solutions addressing these areas.

**Analysis of City's General Taxing Fund Reserves (Estimated)**

	<u>Amount</u>
<b>Cash Reserves Per 4-Year Business Plan</b>	33,662,741
Disaster Recover Fund (2010 Carry Over)	(3,500,000)
Evergreen Terrace (2010 Carry Over)	(3,476,356)
Intermodal Development Fund (2010 Carry Over)	<u>(5,069,296)</u>
<b>General Operating Reserve (2010 Carry Over)</b>	<u>21,617,089</u>
<b>Use of General Operating Reserve (2011 Fiscal Year Deficit)</b>	<u>(15,797,905)</u>
<b>Est. General Operating Reserve (2011 Budget)</b>	<u><u>5,819,184</u></u>
	<u>Amount</u>
General Operating Reserve (2011 Budget)	5,819,184
General Corporate Contingency	600,000
General Corporate Revenue Reserve	1,900,000
Disaster Recover Fund (2010 Carry Over)	3,500,000
Evergreen Terrace (2010 Carry Over)	3,476,356
Intermodal Development Fund (2010 Carry Over)	5,069,296
Intermodal Development Fund (2011 Addition)	<u>1,625,000</u>
<b>Total Taxing Fund Reserves</b>	<u><u>21,989,836</u></u>

**Review of Significant Variances During the Year**

	<u>Amount</u>
<b>October 2009 Estimate of 2011 Ending Balance</b>	<u>(3,400,000)</u>
<b>2010 Budget to Actual Comparison Factors:</b>	
Sales/Income/Utility/Municipal Waste Rev Adj	1,900,000
3 Month Slowdown in Income Tax Payments	(2,500,000)
Savings from unspent Rev. Reserve/Contingency	2,700,000
Projects Deferred and/or Rebudgeted	1,600,000
Salary & OT Savings in 2010 Budget	700,000
<b>Prior Year Projections Compared to 2011 Budget:</b>	
Minimal Vehicle Purchases in 2011 Budget	2,600,000
Municipal Waste Negotiations/Exp Adjustments	500,000
Salary & OT Savings in 2011 Budget	2,400,000
Increase in Insurance Expenditures	(1,300,000)
Pension Increase Less than Projected	500,000
Other Net Contributing Factors	<u>100,000</u>
<b>2011 Four Year Business Plan Estimated Balance</b>	<u><u>5,800,000</u></u>

## The General Taxing Funds

### The following funds are incorporated in the General Taxing Funds:

- **General Corporate Fund (001)** – This fund accounts for the operations of City Hall and Special Accounts. It includes the Departments of the Mayor & Council, City Manager, Management & Budget (with the exception of the Motor Maintenance Division which is part of the Vehicle Road & Bridge Fund), Community & Economic Development, and Legal. Special Account expenditures within this fund include health care, other insurance, tax incentives, and other miscellaneous accounts.
- **Police Protection Fund (101)** – Includes the budget relating to the activities of the Police Department.
- **Emergency Management Fund (102)** – This fund accounts for the operations of the City's Emergency Management offices and their related expenditures to plan for disaster preparedness.
- **Vehicle Road & Bridge Fund (104)** – This fund contains expenditures associated with construction and maintenance of City streets, as well as the operations of the Motor Maintenance Division within the Department of Management & Budget.
- **Street Lighting Fund (107)** – This fund budgets for the expenditures relating to street lighting throughout the City.
- **Fire Protection Fund (114)** - Includes the budget relating to the activities of the Fire Department.
- **School Crossing Guard Fund (115)** – Provides the budget for the school crossing guard program within the City.
- **Coliseum Fund (116)** – The fund includes operations at the Billie Limacher Bi-Centennial Park.
- **Police Pension Fund (651)** – This fund includes the employer portion of contributions for the sworn Police Officers' Pension Fund.
- **Fire Pension Fund (652)** - This fund includes the employer portion of contributions for the sworn Firefighters' Pension Fund.
- **IMRF Pension Fund (654)** – This fund includes contributions made on behalf of the City to fund pensions for all employees except for sworn police and fire. It also includes the employer portion of Social Security payments made for these same employees, as well as Medicare payments for all employees. **NOTE:** During 2010 the City began the process of converting to a new payroll system. This system allows for Social Security, Medicare and IMRF expenses to be charged to the fund level. The 2010 Budget includes transfers to reflect this operational adjustment and the Fund will be discontinued in 2011.

There has been progress from the 2010 budget cycle to this budget cycle as measured by the Four-Year Financial Projections. Over the past two years there has been an overall reduction of the workforce and through cooperative efforts; variances were negotiated with four different unions. These variances have been taken into consideration for the 2011 Budget. The 2012 projections were made without any future variances, since none have been discussed at this time. Since the City has no labor contracts for 2013 or 2014, payroll related expenditures were left flat for this analysis. It is likely that the City and its employee groups will be discussing different scenarios during 2011 and so actual revenues and expenses can be more precisely measured.

The Four-Year Financial Projections are a budgeting tool. The assumptions were made using the best information available. There may be and should be discussion regarding the assumptions in these charts. There can be significant fluctuations beyond the City's control. The stock market can affect pension funds and energy prices can spike considerably in a very short time frame. Two items of particular concern involve projections for health care and pensions.

Health care projections are particularly difficult for several reasons. First, the 2009 negotiated agreement with the various employee groups included items such as mandatory spousal contributions, op-out provisions and deductibles for which the City did not have any known history. The City is working with our health care insurance consultant to measure the impact. Second, the cost of health care in general is difficult to track and as a self-insured entity the City can experience a "good" or "bad" year with claims. Lastly, the recently passed National Health Care legislation is still being implemented with a good amount left up to interpretation. Many of the changes are still yet to be implemented and some may be reversed if a new Congress is selected. An example of one change that did impact the 2011 Budget was the coverage of dependents up to age 26. This one change alone had nearly a \$500,000 impact on increasing the City's estimated health care costs for the period of October 2010 through December 2011. The City will continue to closely monitor the situation and address it accordingly.

Pensions are another major area of concern. The 2011 Budget includes an overall increase of approximately 14% over the prior year. City employees, except sworn Police Officers and Firefighters are covered by the Illinois Municipal Retirement Fund (IMRF). The 2011 IMRF contribution rate is expected to increase 10% and has been accounted for in the budget. This rate will most likely continue to increase over the next several years to fully catch up with the significant losses in the market from 2008 as well as other contributing factors. During 2010 there was legislation to reduce the benefit levels for new entrants into the plan starting on January 1, 2011. The future impact of this for the City will be significant in future decades, but does little to help over the next decade.

Police Officer and Firefighter Pension contribution requirements increased 14.3% over the prior year. They too are still trying to fully recover from market losses during 2008. Both funds currently utilize a long-term investment return assumption of 7%, which has been difficult to achieve and may need to be lowered. Actuarial methods use a

smoothing of the market trends, which simply means the full market losses are only partially realized in their calculations. If the market does not return to 2008 levels soon, there will need to be increases in future contributions. For these reasons, a 14% increase in all pension costs is included in the Four-Year Business Projections.

The 2011 Budget does not contain several items, which will have to be addressed in future budgets. These include some of the items listed below. **Appendix D** provides a detail description for vehicle replacements. City staff continues to evaluate these items.

**Items Not Addressed Within the 2011 Budget**

<b><u>Item Description</u></b>	<b><u>Amount</u></b>
Vehicle Replacements (includes Utilities)	3,200,000
Neighborhood Infrastructure	4,000,000
Public Safety Communication System (4 Years)	2,500,000
Downtown Development	2,500,000
Evergreen Terrace	1,500,000
Other Post-Employment Benefit Contributions	<u>11,000,000</u>
Total Unbudgeted Items	<u>24,700,000</u>

## Post-Employment Benefits

The City of Joliet like many governmental units across the county has the challenge of funding long standing retirement related liabilities. The two primary retirement related liabilities are Pensions and Other Post-Employment Benefits (OPEB).

### Pensions

The City contributes to three pensions. Sworn police and fire each have their own pensions, which are separately run as the Joliet Police Officers' Pension Fund and the Joliet Firefighters' Pension Fund. All other eligible City employees are covered under the Illinois Municipal Retirement Fund (IMRF), which is composed of many Illinois governmental units.

<b>Pension Fund</b>	<b>Actuarial Accrued Liability</b>	<b>Actuarial Value of Assets</b>	<b>Unfunded Actuarial Accrued Liability</b>	<b>Funding Position</b>
Firefighters' Pension Fund*	\$ 176,212,143	\$ 77,020,328	\$ 99,191,815	43.7%
Police Officers' Pension Fund*	226,844,622	125,547,623	101,296,999	55.3%
Illinois Municipal Retirement Fund**	93,289,388	42,818,116	50,471,272	45.9%

\*Estimates based upon the January 1, 2010 Actuarial Reports prepared by Gabriel Roeder Smith & Company.

\*\* Information from the IMRF GASB Report as of 12/31/09.

## History of Pension Expense

### **Other Post-Employment Benefits (OPEB)**

Other Post-Employment Benefits (OPEB) are retirement benefits given to vested employees in the areas of health care and life insurance. OPEB benefits are on a pay-as-you-go system at the City of Joliet. Presently no funding has been set aside for these future benefits. The current portion of the benefits are budgeted and paid as part of the City's annual budget.

Until January 1, 2006 these benefits were never required to be measured by governmental entities. However, the Governmental Accounting Standards Board (GASB) made this measurement mandatory. Therefore, the City now measures these future expenditures and discloses these amounts in its audited Comprehensive Annual Financial Report (CAFR).

The City's January 1, 2008 OPEB valuation estimated the present value of all future payments as of January 1, 2011 to be \$208,565,000 and estimates this value to rise to \$305,686,000 by the year 2017. This assumes the pay-as-you-go funding remains intact with the same benefits as currently extended to City retirees. Any adjustments in the current policies with respect to pre-funding and/or a change in benefits could adjust this amount. This budget does not contain any contributions towards this liability and maintains the pay-as-you-go policy currently in place.

Current GASB rules do not require a contribution be made to a separate fund, but this may change in the future. However, GASB does mandate that the current portion of expected contributions over a 30-year amortization of the liability be recognized. The liability on the financial statements is expected to be approximately \$72,399,000 by December 31, 2011. This could have an adverse impact on future borrowing capacities of the City.

## Gaming Fund

	<u>2010 Budget</u>	<u>2011 Budget</u>	<u>Difference</u>
Gaming Fund	28,779,529	22,562,903	(6,216,626)

The Gaming Fund revenues continue to remain significantly under the peak year of 2007. On January 1, 2008 the State of Illinois enacted a smoking ban for all public places including casinos. At around the same time, the economy began a tenuous drop and the two casinos combined have seen revenues drop significantly from a high of approximately \$37 million to estimated 2011 revenues around \$21.5 million. The economy has played such a significant role that 2010 revenues are expected to be slightly below 2009 revenues even though the Empress Casino was closed for nearly three months during 2009 due to a fire.

The general economic outlook is still tenuous for the industry. Unemployment continues to be a concern and gamblers are reported to be spending their discretionary income other areas. The fact that Indiana allows smoking at their casinos creates an unfair advantage when Illinois casinos cannot court smoking patrons. Until Indiana bans smoking, it is unlikely that even with a much more robust economy our local casinos will reach 2007 levels anytime soon. The passage of video poker gambling is still a concern, but until it is implemented its impact is difficult to measure.

In July 2011, a new Des Plaines casino will open and it is expected to negatively impact Joliet's two casinos. For this reason, the City has lowered its 2011 projections of gaming related revenues to approximately \$21.5 million and all of this revenue will be transferred to the General Taxing Funds for operations. If the revenues do fall below this amount, a \$1 million reserve has been established as a buffer. This reserve was created by utilizing funds set aside in the 2010 Budget for Information Technology, which had not been allocated to a specific project. The Gaming Fund includes sufficient carryovers to complete obligations of the Neighborhood Improvement Fund.

**Gaming Revenues**

## Water & Sewer Funds

**The following funds are incorporated in the Water & Sewer Funds:**

- **Water & Sewer Operating Fund (451)** – This fund accounts for the operations of the City’s Water & Sewer Utility System.
- **Water & Sewer Improvement Fund (452)** – This fund accounts for improvements to the City’s Water & Sewer Utility System.

 Water & Sewer Funds Total	 <u>50,592,002</u>	 <u>74,025,953</u>	 <u>23,433,951</u>

\*Represents Remaining Balances being re-budgeted for the 2011 Budget. In the past these funds were carried over from year to year.

The City of Joliet’s Water & Sewer system services approximately 45,000 customers. It is considered an Enterprise Fund and is run like a private sector business as it is self-supporting. It is the largest combined municipal water and sewer system in the state. Beginning in 2007 and continuing throughout 2009, the water system’s revenue streams were greatly impacted by the economy in several areas. Tap-on fees received from new customers (residential, commercial and industrial) fell from a high of over \$9 million in 2005 to roughly \$600,000 in 2009. A subsidy from the Gaming Fund of \$1.2 million per year was cut from the 2009 budget. Interest received on investments fell from over \$3.5 million in 2007 to less than \$600,000 in 2009. Personnel, chemicals and utility expenses during this same period continued to increase and all contributed to the shortfall. The addition of 10 new Radium Removal Water Treatment Plants and related increases in energy and materials put additional pressure on the Water & Sewer Fund budget.

To ensure long-term stability for the system and address these issues, the City approved a series of measures to add more stable reliable revenues to the budget. These increases

were approved by the City Council in September of 2009 and included the following adjustments effective with the first bills issued in October 2009:

- Water and Sewer Rates were increased 35%, and then an additional 5% in October 2010 and 2011.
- Rebates for Daily Water & Sewer Charges were eliminated for all customers.
- Rebates for Sewer Separation were eliminated.
- Fees and Penalties were adjusted to cover costs.
- A new Senior Rebate of \$.1787/day, or \$5.36 for a 30 day bill cycle was enacted.

These adjustments were necessary to wean the system off of one-time developer contributions and subsidies from the Gaming Fund. They gave the system sustainable revenues to help ensure long-term stability. The impact, of these adjustments, is noted in the tables on the following pages. These adjustments will help the City in the future with long-term borrowing.

In November, the City completed the process of restructuring and refunding its 2002A Bond Issue, saving the City over \$400,000 in net present value payments. As part of this process, the City's Water & Sewer System was reviewed by Standard & Poors (S&P). S&P rated the Bonds AA-, which is a strong rating and will aid in maintaining low borrowing rates.

The 2011 Budget includes funding for maintaining the system, reducing operational costs and improving overall customer service. Budgeted items include expanding the Meter Replacement & Radio Read and Work Order Automation systems, as well as On-line Billing and Web-site development. The 2011 Budget includes bond reserves in the amount of \$11,815,934.

## Water & Sewer Volume Revenue

## Tap On Fees

### W&S Daily Charge Comparing Gross Revenues To Amount Rebated

### Water & Sewer Chemical Expense

## Water & Sewer Electricity Expense

## **Water and Sewer Development Program**

Work will continue on three major programs in 2011, the Black Road Force Main Project, the Eastside Wastewater Treatment Plant Outfall Relocation Project and the Combined Sewer Overflow (CSO) Elimination Program.

The Black Road Force Main Project will upgrade the Black Road Pump Station and construct a new 24" diameter force main from Bronk Road to the Aux Sable Creek Basin Wastewater Treatment Plant (ASCBWTP). The ASCBWTP is the newest sewer plant and has reserve capacity to accept the wet weather flows in the sewer system. The project is scheduled to begin the spring of 2011 and is estimated to take 18 months for completion. This project is estimated to cost \$15,000,000.00 and is eligible for low interest loans from the Illinois Environmental Protection Agency.

The Eastside Wastewater Treatment Plant Outfall Relocation Project serves a dual purpose. The current plant outfall discharges to Hickory Creek, 300 feet upstream of the convergence to the DesPlaines River. The City has received repeated discharge violations from the treatment plant due to more restrictive discharge limits placed on Hickory Creek. Likewise, the City has a need to construct an outfall for the planned CSO Elimination Program. The Eastside Wastewater Treatment Plant Outfall Relocation Project will move the plant discharge point from Hickory Creek to the DesPlaines River and is designed with capacity for all anticipated future flows from this site. While solving the discharge violation issue, the Eastside Wastewater Treatment Plant Outfall Relocation Project also serves as a critical initial phase of the CSO Elimination Program. This project is estimated to cost \$2,000,000.00 and is eligible for low interest loans from the Illinois Environmental Protection Agency

The Combined Sewer Overflow (CSO) Elimination Project allows for the capture of mixed sanitary & storm water, conveyance of the mixed flows to a central treatment location and primary treatment prior to release to the DesPlaines River. The cost of this project as summarized in the Long Term Control Plan (LTCP) is currently estimated at \$56,397,360 in 2010 dollars. The schedule as summarized in the LTCP has been extended to 2022 and is interjected with anticipated capital projects which will be required over the next ten years. The City's concept design and Long Term Control Plan has been received by the Illinois Environmental Protection Agency and the United States Environmental Protection Agency. The City is awaiting acceptance of the final report by those agencies. Final Engineering may result in minor changes to the plan.

The start of construction of the CSO Program is expected to begin in 2011 with the Eastside Treatment Plant Outfall Relocation Project and is included in the estimated cost total \$56,397,360. The total expenditures for the 10 year capital plan, which includes the CSO Program is \$110,687,360. Construction of these projects will be in phases based on funding ability and will require a series of bond issues and a subsequent rate increase to repay the bonds, which is not reflected in this budget. The Administration is pursuing federal and state grants and loans to assist in paying for the project. The success of those applications cannot be predicted nor relied upon to cover the cost of the projects.

## Motor Fuel Tax Fund

- **Motor Fuel Tax Fund (111)** – This fund accounts for expenditures associated with State of Illinois Motor Fuel Tax proceeds. The program is administered by the Department of Public Works to ensure all expenditures meet the guidelines for these funds.

	<u>2010 Budget</u>	<u>2011 Budget</u>	<u>Difference</u>
Motor Fuel Fund	4,704,712	4,784,265	79,553

### Motor Fuel Tax Revenue

The Motor Fuel Tax Fund has allowed the City to construct and improve many roads over the life of the program. The budget was prepared with the assumption that Motor Fuel Tax funds will remain fairly flat from 2010 to 2011 with one exception. The City was notified in November 2010 that it is the recipient of an Illinois Jobs Now Capital Grant for Motor Fuel projects in the amount of \$663,614. This funding has been included in this budget for streetscape improvements on Benton and Webster streets. In addition, a reserve account in the amount of \$402,165 has been established should there be cost overruns in budgeted projects, or revenues come in below expected amounts. Significant projects in progress and new projects for 2011 include:

- Roadway Reconstruction
- Pavement Marking
- Illinois Route 59/Interstate 55 IDOT Construction
- Washington St Bridge
- Deteriorating Road Overlay
- Essington/Hennepin Signal and Widening
- Caton Farm (Illinois Route 59/Countyline)

## Parking Meter Fund

- **Parking Meter Fund (401)**– This fund accounts for the operations of the City’s two parking decks, seven parking lots, over seven hundred on-street meters, and the operation of Joliet’s Union Station.

	<u>2010 Budget</u>	<u>2011 Budget</u>	<u>Difference</u>
Parking Meter Fund	1,813,869	1,518,744	(295,125)

### Parking Revenues

The City’s Parking Meter Fund is one of two Enterprise Funds maintained by the City. An Enterprise Fund is a fund which is self-supporting and is maintained and accounted for like a business in the private sector. Prior to the 2010 Budget, the City’s Parking Meter Fund annual budgets did not entirely reflect this principle. While salaries and most direct operating expenses were budgeted within the fund, there were examples of indirect expenses which were not budgeted. These indirect expenses included overhead costs such as health insurance, pensions, accounting, purchasing and other expenses paid for in the General Corporate Fund.

As noted in the chart on page 30, parking meter revenues for 2010 and 2011 show significant increases. During the first five months of 2010, a series of rate adjustments were implemented to better reflect current market conditions. These adjustments included:

- Monthly parking deck passes from \$25/month to \$40/month. The prior rate had been in effect since 1990.
- Meter violations from \$3 to \$10. The prior rate had been in effect since 1981.
- Parking meter fees from \$.25/hour to either \$.50/hour or \$1.00/hour dependent upon location.

These increases have significantly helped balance the fund and make it more self sufficient. However, there is still work to be done. The system still needs to be analyzed further for operational efficiencies, long term capital requirements, and to make the system as customer friendly as possible. Areas to be addressed in the future include repaving of lots, automated ticketing and billing devices, and security enhancements.

## Other Funds

**The following funds are incorporated in the Other Funds:**

- **Community Development Block Grant Fund (113)** – This fund accounts for revenue and expenditures of the United States Department of Housing and Urban Development (HUD) administered Community Development Block Grant Funds. The program aids lower income portions of the City by improving housing conditions for the residents.
- **Corporate Bond & Interest Fund (201)** – This fund accounts for the payment of principal and interest of general obligation bonds.
- **Special Service Area Fund (202)** – This fund accounts for special projects around the City benefiting neighborhoods and other special projects such as the construction of the Route 66 drag strip, development of the Target shopping center, and City Center development.
- **Tax Incremental Financing Fund #2 (205)** – This fund accounts for TIF revenues generated and created for the City’s Downtown Development Program.

	<u>2010 Budget</u>	<u>2011 Budget</u>	<u>Difference</u>
Community Development Block Grant Fund	1,423,993	1,562,286	138,293
General Obligation Bond & Interest Fund	1,142,869	1,148,544	5,675
Special Service Area Fund	1,548,707	1,597,019	48,312
TIF #2 - City Center Fund	453,385	531,150	77,765
Total Other Funds	<u>4,568,954</u>	<u>4,838,999</u>	<u>270,045</u>

Revenues in the Community Development Block Grant Fund are received from the Department of Housing and Urban Development (HUD). 2011 will mark the 36th year the City has participated in the program. The program is administered by the Neighborhood Services Division, within the Department of Community & Economic Development. Eligible expenditures of these funds include code enforcement, demolitions, graffiti removal, neighborhood newsletters, local homestead and other programs that benefit the community. One notable change in the 2011 budget for this fund is the inclusion of the support for the Daybreak shelter.

The City currently has one general obligation bond outstanding. The 2010 budget included a principle and interest payment of \$1,142,869, which was used to reduce the overall principle balance down to \$9,980,000. The 2011 budget includes a principle and interest payment of \$1,148,544, which will be used to reduce the overall principle balance down to \$9,255,000. The bonds are schedule to be retired in 2021.

Special Service Areas (SSA) continue to be established throughout the City to improve infrastructure within the community. The downtown business community has established an SSA for downtown enhancement and promotion. Past commercial SSA projects

include the development of the Target shopping center on US Route 30 and the Route 66 Drag Strip. In 2010 an SSA was established for the Park Hill Subdivision to aid the neighborhood with common area maintenance.

The City currently has one active TIF district which was established to develop the City's downtown City Center district. This TIF has aided in the successful renovation of several pieces of property. The City has a consulting contract with VOA Associates, Inc. for the development of a City Center Plan, which has been funded by the TIF revenues. The City is currently in the process of investigating the feasibility of a second TIF for the Cass Street Corridor immediately east of the City Center railroad tracks.
